Nanaimo North Town Centre
Saturday 9am - 2pm

INSTALLING SUGGESTIONS

Locate your reflective address sign on the same side of the road at your driveway. Mount it a minimum 1 meter (3') off the ground, high enough to avoid snow in winter and weeds in summer, and 1.5 meters (4') from the road. Make sure that it's visible from both directions. Keep branches and bushes from blocking it. Many people use a metal angle post or a treated wooden 4x4, this way you can position your address sign in exactly the best location.

PRE-DRILLED HOLES makes it easy to install your sign to a POST, MAILBOX, TREE, FENCE OR BUILDING.

< Please do NOT mount your sign onto a hydro pole >
